Chairman Freeman called for the approval of the agenda Commissioner Calhoun made motion to approve agenda, Commissioner Edwards seconded , motion carried.

Chairman Freeman called for approval for the regular session minutes and minutes from a special called meeting, Commissioner Worsley state he wanted to wait on the special session until down the line, Chairman Freeman called for a motion to approve the regular session meeting, Commissioner Worsley made the motion with Commissioner Calhoun seconding the motion, motion carried.

Chairman Freeman called for approval on accounts payable, Commissioner Calhoun made a motion to approve, Commissioner Edwards seconded the motion, motion carried.

Chairman Freeman called for a motion to approve financial reports, Commissioner Worsley made a motion to approve with Commissioner Nixon seconding, motion carried.

Appearances:

Keith Bowen- Mr. Bowen thanked the commission for the opportunity to speak and asked the board for clarification on the rules of Commissioner Edwards correcting something in error, He asked what the correct legal way was to correct the error on the signature from last months minutes. Commissioner Edwards stated she was told she had to get a quorum at least 3 commissioners had to be present, then she could have her name removed as long as there were 3 signatures still on the minutes for them to be carried out. Mr. Bowen asked the commissioners that when something came up that was not known to find out the rules and follow the rules whether it is for us or against us.

Jennifer Jackson- appearance moved to personnel.

Brad Bell- Chairman Freeman then called on Brad Bell to make appearance, Brad stated he was not prepared due to his material not coming in, he then explained he was wanting to see if he could use TSPLOST money to pave around the ball parks at the

park that it has become a mess. Brad stated he was waiting on quotes to come in. Chairman Freeman asked was it for parking lot, Brad stated it was. Commissioner Worsley stated he thought that they were going to resurface that through a grant or something. Brad explained where he wanted to pave all the roads and the oval as well as the parking lots. Commissioner Calhoun asked Brad was he talking about where the tennis courts were at, and Brad stated yes and stated he would like to resurface both tennis courts as well. Brad then stated he got a price for $175,000 and was not sure if any of that was ever resurfaced. Brad stated he also talked to Cory Thomas with the city to see if they would assist with the paving because they had a parking lot in front of the park that needed paving. Chairman Freeman then told Brad to get the rest of his information and that they would table it until the next meeting.

OLD BUSINESS:

Southwest Georgia Library sent a letter want Jo Mock as appointee stating she would serve on the library board. Commissioner Calhoun made a motion that Jo Mock be appointed to replace Ms. Grimsley. Commissioner Worsley seconded the motion, motion carried.

EMS update- Doug Cofty updated the board on the meeting held with ACCG, Seminole and Early counties about the possibility of forming a regional EMS that would benefit all 3 counties. Stated the meeting was an introduction meeting and that more would follow.

Constitutional Officers payroll agreement -Faye Whittaker stated she spoke with the county attorney about putting in writing that the money that was in their accounts would stay there and it would not be transferred back it would stay there for them and he was going to put that in there. He stated that he had already added that, but he had not emailed it back to Faye yet.

NEW BUSINESS:

County commissioner's office damage - Chairman Freeman stated the office had damage that may or may not have been storm damage related from Hurricane Michael but that the letter from the insurance company stated that they would not pay for the damage. Chairman Freeman asked Faye for an update, Faye stated that the insurance company stated that the damage had been building up for years and that they were not going to cover it, they were wanting the county to test it to see what type of mold is present, she stated that we had the doorway covered with plastic and you could still smell the mold. Faye stated she did not know how much it would cost to fix it but that it would all be out of pocket. Brad Bell stated it would not cost a whole lot to fix. Commissioner Worsley asked the board if they thought it would be a good idea to have a special handle that the reason, he is saying that is because further down the line an employee could come up saying they got sick, the county would not have a leg to stand on. Chairman Freeman asked Faye if the health department was the ones to check the

mold, Faye stated she was told that they do not do that anymore and that ACCG was going to send someone down until they found out that it was not going to be covered. Chairman Freeman asked the board what they wanted to do about the mold, Commissioner Worsley stated that they need to get a specialist in there, Commissioner Edwards and Commissioner Nixon agreed with Commissioner Edwards stating it is a silent killer. Commissioner Nixon stated it is not safe. Commissioner Calhoun asked could ACCG recommend someone, and Faye again stated that they were going to send someone down until they found out it was not covered. Faye stated that we could research to see who could test mold. Chairman Freeman asked Faye to call the Health Department and see if they can give some type of guidance on the matter. Commissioner Nixon asked was the office going to move to the other building in the meantime. Commissioner Worsley stated it stunk bad in there. Chairman Freeman asked Faye and she stated the concern of the exercise classes and other classes that would be hard to work, that was her only concern was if they were going to keep using the building or if they were going to move somewhere. Commissioner Worsley then asked that they were not talking about a long term were they. Faye stated that depended on what type of mold was found she did not know if it was the bad mold. Commissioner Worsley then stated would you rather put up with the exercise or in the hospital with pneumonia. Faye agreed and stated she just did not know if they were going to stat in there or not, she did not know with the contract and all. Commissioner Calhoun asked if they were talking about just moving her and some of the stuff she needed and not all the other stuff. Faye stated they could not move everything. Commissioner Worsley state just move what she needs. Faye stated we would get someone to check the mold. The board discussed the appearance of the mold and told Faye to check on it and let them know.

Senior Citizens Collaborate building – Chairman Freeman state Leigh Ribolzi had sent information but was not present requested the matter tabled until she could be present to tell them what she wanted. Chairman Freeman stated it was not clear as to what she wanted. Faye stated she thought it was to turn the Collaborate building into a senior citizen center. Chairman Freeman stated if that was it that was not going to work. The Senior Citizen Center folks was wanting it back when all the COVID stuff was straightened out. Chairman Freeman stated he has had several calls from the people being concerned and that he told them that they had not sold the building and that it was temporary, so Leigh needed to come talk to the board a little more about what she was requesting.

Dumpsite Employee – Chairman Freeman asked Commissioner Nixon if she knew anything about that and she stated that her father went out there the other day to take some stuff off and he was having surgery on Friday, and it was before the surgery so he could not handle the stuff, and no one was out there. She stated her father did not want anyone getting in trouble because it was hot and there was no running water, she stated he was not out there but that maybe he left to go to the bathroom or some food. Chairman Freeman asked what day it was, and Commissioner Nixon asked Sherrie

Stewart what day she called her and reply about 3 weeks ago. Chairman Freeman stated they would check on that.

Sherrie Stewart Letter of Resignation – Chairman Freeman stated they needed to put that on hold.

Personnel – Chairman Freeman asked if there was discussion on personnel and Commissioner Worsley stated yes, then stated that to minutes that he asked to be held off until the end was a pile of crap Chairman Freeman told Commissioner Worsley, he would have to elaborate on that. Commissioner Edwards asked Commissioner Worsley which one he was going over first, the special one to which Commissioner Worsley replied to yea. Chairman Freeman stated they would get to the minutes first. Commissioner Worsley stated there was a lot of stuff in the minutes that was not correct whatsoever. Commissioner Calhoun asked Commissioner Worsley was he looking at the special called meeting. Commissioner Worsley stated yes. Commissioner Worsley read off the minutes stated upon arrival detective Burns and Officer Whitehead arriving Sherriff Richard Morgan, Commissioner Alan Worsley and Leroy Bush also arrived and that all except Leroy Bush entered the annex. Commissioner Worsley states Leroy Bush was not present when they went in but when they came out, he was there. He then states alright that is one of them there he then stated that she said he told her to hand over the minutes in question to Commissioner Edwards, that is not true. Commissioner Edwards replied nope. Chairman Freeman asked Commissioner Worsley where that was in the minutes. Commissioner Worsley directed him to the page. Commissioner Worsley stated he did say that he called and talk to the former county clerk Deborah Pierce, and she said she did not see any issues with Commissioner Edwards striking her name. Chairman Freeman stated was not the way to go about that and you cannot do that and stated the county attorney has already back that up and that ACCG has also backed up what the attorney said. You can not alter documents that way. Commissioner Edwards stated that since it had been done in the past, Chairman Freeman stated he did know of anything being done in the past about altering any documents. Commissioner Edwards asked him how he did not know about altering any documents when in that special meeting, Chairman Freeman then stated you cannot strike. Commissioner Edwards then stated to Chairman Freeman to hold on that they were not going to argue today that they wanted to be impressive in front of that gentleman over there. Chairman Freeman stated that was fine that there was not going to be any argument. Commissioner Edwards state that since she called Commissioner Worsley, and asked Do I have the right? She then stated she had the right, but yes had to have a quorum. She stated she was not told by Ms. Stewart it was quorum, she was told get approval from the board and she said no problem. She stated she then called Commissioner Worsley, Commissioner Calhoun and texted Commissioner Nixon going by what she(Stewart), Commissioner Edwards stated so if they all had called, she would have signed it, they would not even be here but that is not how she(Stewart) went about it. Chairman Freeman stated you had to go about it the right way, the way we went about it. Commissioner Edwards stated absolutely, that's after the fact Kreg, she stated

that it was after all this was blown out of proportion, Commissioner Edwards stated like she was told she had the right to do it, so she went up there, she went through like what she(Stewart) said get the OK from the board, Commissioner Edwards called Commissioner Calhoun called Commissioner Worsley and text Commissioner Nixon so she went about it the right way how she was told. Commissioner Edwards stated she called Bill (county attorney) and that he stated no minutes could be adjusted and that nothing could be done to the minutes at all without a quorum. She then asked if the board remembers January, February, or March when the board need to go and have the minutes approved right away. Commissioner Edwards asked did anyone go up there with a quorum. Commissioner Edwards asked Commissioner Calhoun if he went up and signed some minutes, Commissioner Calhoun stated he did not remember when, Commissioner Edwards asked did he sign them with any other commissioner present and that he signed them on his own. Commissioner Calhoun stated yes after they were done. Commissioner Edwards stated that is in the same boat. Chairman Freeman stated that the minutes was not altered. Commissioner Edwards stated she understood what Chairman Freeman was stating but that nothing could be done to the minutes not even go and sign them. Chairman Freeman stated it was to go proof the minutes in that situation, Commissioner Edwards said it is right or wrong, nothing can be done to the minutes. Chairman Freeman stated that there was nothing altered in those minutes, all you did was proofread them and signed off on them as being official. Commissioner Edwards stated that they were supposed to be approved in the meeting that is what she was told that they should approve them in the meeting then they sign them. Chairman Freeman stated that nothing was stricken or altered in the minutes, what you did is the note that we did to buy the vehicles to get that money secured over there, is you OK'd those minutes so they could get a copy of the minutes for the bank. Commissioner Edwards stated we still signed those minutes. Chairman Freeman stated we did not alter anything. Commissioner Edwards stated as legal as these minutes are we are not supposed to sign, we are supposed to sign them in a quorum. Commissioner Edwards stated that is the same thing, Chairman Freeman stated that no it is not, you were altering a document, you were changing a document. Chairman Freeman stated when you approved those minutes, you did not change anything. Commissioner Edwards stated what we are talking about right now is right and wrong, you do not sign the minutes, whatever, I know now I am not supposed to do it now, that I know it is a quorum now I know. Commissioner Edwards stated she was not even talking about altering the document all she was talking about was scratching her name out, Chairman Freeman stated when you scratched your name off you altered the document. Commissioner Edwards stated she understood that she stated what she was say was she was not changing the actual minutes, she knew it was altering it because she signed it, she stated what she was saying was nothing could be done to the minutes. She stated if she feels that if they can go and sign the minutes without a quorum, then what makes him think she did not feel could not go and scratch her name through without one. Commissioner Edwards asked Commissioner Nixon did she see what she was saying, Commissioner Nixon stated she saw what she was saying.

Commissioner Edwards stated not to sit there and make her out the victim when she tried to go about it the right way she said when she was told by Ms. Sherrie that she needed to get approval from the board she had already talked to Alan called Ladon and Niki, she tried to go about it the proper way but none of that was cause for her to call the police on her. Chairman Freeman stated that she was being demanding. Commissioner Edwards stated excuse me where you there, where you there Kreg? Chairman Freeman stated he read the emails Commissioner Edwards stated she was not demanding nothing and that no sir she did not raise her voice. Commissioner Worsley stated no Infront on him she was not. Chairman Freeman stated that Commissioner Edwards stated she was coming up there to get the documents. Commissioner Edwards stated that when she(Stewart) told her what she needed to do that is what she did, did not raise her voice at all, Commissioner Edwards stated she did just that she(Stewart) said, get approval from the board where in that was for her(Stewart) to call the police? Chairman Freeman stated that she(Stewart) felt that she needed someone up there, that was her own prerogative Commissioner Edwards laughed and asked how? at what time did she make her(Stewart) feel that she needed the police by saying I will be by there to sign the papers, Commissioner Edwards asked how you can get hostility out of that, how can you get your life threatened out of that. Chairman Freeman stated it isn't no life-threatening situation, Commissioner Edwards flips through pages and said she (Stewart) said it was a potentially dangerous situation. Commissioner Edwards asked how she can get a potential threatening situation out of I want to come by and strike my name from the minutes. Chairman Freeman asked Commissioner Edwards where we are going with this, Commissioner Edwards asked you tell me where you are going with it. Chairman Freeman replied I am not going no where with it. Commissioner Edwards stated obviously because and do not do nothing but lie, this entire special meeting, this whole thing is a lie. Chairman Freeman stated he knew Commissioner Nixon was not there then asked Commissioner Calhoun what other than what she says right here is true or not because I was not there, Commissioner Calhoun states he does not know because he also was not there but Commissioner Calhoun states everything else. Commissioner Edwards then states that Commissioner Calhoun was not at that meeting it was Commissioner Worsley that was there and heard everything. Commissioner Worsley states he got a call to come up to the commissioner's office. Chairman Freeman states that his is the minutes from the meeting, Chairman Freeman then asked what other than these needs stricken out of these minutes. Commissioner Worsley states right here, then reads Commissioner A Worsley said in the meeting May 17th 2021, the county clerk calling the police on a commissioner was going to far and her heard county clerk S. Stewart screaming and cursing. Commissioner Worsley states he never said anything about anyone cursing. Commissioner Edwards states the only one who was screaming was Ms. Stewart. Commissioner Worsley then states that she(Stewart) has got down here that county clerk stated that neither she(Stewart) nor Commissioner Edwards were screaming or cursing on that day at the annex, Commissioner Worsley states that is not correct that he heard her screaming at Commissioner Edwards. Chairman Freeman states that he

has not been able to listen to the recording and that it was recorded. Commissioner Edwards asked what has been record. Chairman Freeman stated there was some voices raise in there, but he does not know who raised whose voice. Commissioner Edwards stated she promise you it will not be hers and asked Chairman Freeman to go get the recording and run it. Chairman Freeman states it is available and when he gets where they can listen to it, they will. Commissioner Edwards stated she wanted everyone to hear it at one time. Chairman Freeman then asked what else you want altered in these minutes. Commissioner Worsley states that stuff needed to be taken out that he pointed out. Commissioner Edwards stated a potential threatening situation because she(Stewart) had to ensure the safety of her coworkers, really. Chairman Freeman states she felt that she needed someone up there to secure that document that was her own doing, I was not there, Commissioner Edwards stated that was the truth, but She(Stewart) never mentioned anything about the safety of a document. Commissioner Edwards stated do you want to know what she(Stewart) said, when Commissioner Edwards walked in there, she(Stewart) said you are not getting the minutes and you no do not know any more than I do. That is what she said if she(Stewart) can sit back there and tell the truth. Commissioner Edwards stated that is insubordination right there. Commissioner Worsley then states the phone call he got, he answered the phone, and Christine did not say anything he saw her name come up on his phone, he could hear screaming and hollering in the background and that it was not Commissioner Edwards doing the screaming and hollering. Commissioner Edwards stated if you want to sit there and protect her. Chairman Freeman then stated What else? Commissioner Worsley stated that was pretty much all he had. Commissioner Edwards stated that in her resignation she(Stewart) stated all the bickering and hollering and that its going to be a sinking ship and all this kind of stuff, Commissioner Edwards state you are right if we all do not get on the same page. But we do not have 6 Commissioners in the county, we have 5 and who is she(Stewart) to tell anybody going in the office anything. That we have 5 Commissioners in the county not 6 and she(Stewart) is out of line. Commissioner Worsley then states something happened Thursday evening, he called Faye and requested personnel be put on the agenda, he states within a couple of minutes he received a call from the county clerk being pretty ugly to him. Chairman Freeman then states Alan she is the county clerk why did not you call her. Commissioner Worsley replied because Kreg I have never had to do that as long as I have been a Commissioner, I have always called up there and whoever I talked to they always took care of it. Commissioner Worsley states he called Faye back and to Faye he apologized if he got her in anything that is going on, then your clerk came in there screaming and hollering calling him a back stabber and low life, he then asks if he is correct or not. Commissioner Worsley states she(Stewart) was screaming so loud at him and him talking to Faye on her cell phone, He then asks, you are telling me that is proper conduct. Commissioner Edwards then states she feels discriminated against for having the police called on her, she asked calling the police on her for what. Commissioner Edwards states it was not a hostile situation. Commissioner Edwards states she cannot say Faye because Faye said she was on the

phone, Cody was there but left shorty after. Chairman Freeman than asked calling the police how is that discrimination. Commissioner Edwards asked what. Chairman Freeman stated you said you feel discriminated. Commissioner Edwards then stated Alan just went up there and he did not get the police called on him. Commissioner Worsley states Thursday morning he got a call about some problems with the tax commissioner he went over there and talked to the clerk and ask her what is going on he said he was there to get her side of the story, no conflict nothing took place, he just asked her what happened. Commissioner Edwards stated she should say she felt like she was in danger, she(Stewart) was hollering at her, she was not hollering at her(Stewart). Chairman Freeman stated they needed to put that on hold because there was one more thing they needed to go over. Commissioner Edwards stated she was sure he did.

Rental agreement DFAC building – Chairman Freeman stated there was a rental agreement on the DFAC building and that they wanted to rent the building again. Commissioner Worsley asked if there were any changes in the agreement, Chairman Freeman states not that he can see. Commissioner Worsley made motion to rent the building, Commissioner Nixon seconded to motion. Motion carried.

Jennifer Jackson Keys to Vehicle - Chairman Freeman asks Jennifer Jackson what she wanted about the keys. Jennifer states excuse me. Chairman Freeman states you have on the agenda about vehicle keys. Jennifer states what does she want, is that how you address chairman. Chairman Freeman states he was asking her what she wanted. Jennifer asks Chairman Freeman are you calling me up. Jennifer's husband then states you just got to learn how to talk to somebody. Chairman Freeman states he is not talking out of order. Jennifer states slow down now. Chairman Freeman states listen, Jennifer's husband states he is a grown man. Chairman Freeman then replies that he is also a grown man too and that he was out of order. Jennifer says no and repeats no do not do that Kreg. Jennifer's husband states he is addressing my wife wrong and repeats you are addressing my wife wrong. Chairman Freeman telling Jennifer to come on up if you want to talk to us. Jennifer's husband repeats you are addressing my wife wrong again. Jennifer states if you want me to address the podium you ask me like you ask everybody else. Chairman Freeman replies do you want to talk to use about the keys. Jennifer states yes she does want to talk. Chairman Freeman tells Jennifer to come on. Jennifer's husband makes a comment that is hard to understand. Jennifer states ok then so then proceeds to say wait no, no as Chairman Freeman states I am going to say one more thing addressing Jennifer's husband. Jennifer proceeds to cut off Chairman Freeman as he is telling her husband he is out of order and Jennifer states he is not going nowhere. Chairman Freeman states her husband is out of order. Jennifer then stated that Chairman Freeman was talk to her. Chairman Freeman stated back to Jennifer he was talking to her. Jennifer states alright. Jennifer then states let us talk like Mr. Keith Bowen said let us do things by rules. Chairman Freeman states that is right. Jennifer states in decent and in order. Jennifer sates that if you want me up to the podium ask me do not say what do you

want. Jennifer's husband says what followed by Chairman Freeman asking what, I do not want nothing what are you saying. Jennifer's husband responds with what you are saying. Jennifer states her we go again. Chairman Freeman states to Jennifer's husband I am talking to Jennifer. Jennifer then states here I am talk to me Kreg. Chairman Freeman responds with I am talking to you. Jennifer states she wants to talk about the keys ok. Chairman Freeman states go ahead. Jennifer states alright then because you cannot kick everyone out of this room with a voice. Chairman Freeman states no but we can adjourn. Jennifer states do not do that, you can be kicked out just like he can. Chairman Freeman states he can adjourn. Jennifer states we the people of miller county this is what I want to say. Jennifer states on March 8 you all voted for Jennifer Jackson Tax Commissioner to get the keys to go to the vehicle to go to the bank at 8:30am ok. She or her clerks have gone over there 5 times at 8:32 8:33 and there was no one there. Chairman Freeman stated that the office does not open until 9:00am. Jennifer responded with 8:30am now if that is going to be a problem have the keys over in my office, ok. Chairman Freeman states the bank opens at 9:00am. Jennifer states that they go to the bank at 8:30am to deposit the county deposit. Chairman Freeman states that there was no time designated to get the keys. Commissioner Worsley stated yes there was. Chairman Freeman asked what time it was. Commissioner Worsley responded with 8:30am. Commissioner Edwards stated she gets the vehicle for 8:30am to 9:00am. Jennifer read that the board agree that to let the tax commissioner and her employees use the EMS ford explorer to make bank deposits each morning at 8:30am. Jennifer stated that the board voted on that. Faye stated that she was unlocking the back door at 8:32am when they were at the front door. She stated she is the only one in the office so its hard to get there at 8:30am and they may need to alter the time a little, Jennifer stated she did not know about altering the time and stated she did not know what time they were supposed to be at work, 8:30am or 9:00am. Commissioner Edwards asked why they cannot just let her hold the keys or have the vehicle at the time she says. Chairman Freeman stated the vehicle was shared with the cleaning crew. Jennifer stated why do not they leave the key at the tax office. Commissioner Edwards stated that the cleaning crew did not get there on time with Jennifer responding they do not even get there until after she has gone to the bank. Chairman Freeman stated Jennifer there is no other tax commissioner, they have check in all surround counties, no other tax commissioner has a vehicle to go to the bank on. Jennifer then asked is there another county vehicle, could they use that vehicle so if the cleaning lady comes in and she is gone on that vehicle they can get their ford explorer and go ahead on and do their, so can we the tax commissioner use the other vehicle. Jennifer stated let us vote right her right now. Faye asked could they change to 8:40am to 8:45am, Jennifer stated no because her office opened at 8:30am, Faye stated she cannot promise she would always be there at 8:30am because she would be by herself. Jennifer stated that is why she said to let the key stay over at the tax commissioner's office. Chairman Freeman stated Jennifer let him tell her something she needs to be a little more cooperative with here, the thing is no other tax commissioner around here they do not pay them mileage, they do not give them a vehicle, they don't do nothing. They agreed this right here, if he calls other here and they are not in that office he does not get upset. Jennifer responded with she is not upset, it was the county clerk that told her she was not going to get the vehicle until

8:45am. Chairman Freeman stated they would change the time to 8:45am. Jennifer stated no he cannot change they time they already got it at 8:30am, Chairman Freeman stated we can vote to change the time. Jennifer stated well it will take how many, Chairman Freeman stated it would take 3. Jennifer responded with it will take 3 well keep in mind if they change the time the tax commissioner has a duty to our office opens at 8:30am so we must be ready for the constituents. Chairman Freeman told Jennifer that is not a big inconvenience. Jennifer responded wait Kreg she is the tax commissioner he is the chairman, he can make the calls on his job description he cannot make it on hers, ok, ok. So, what he thinks is not major is major to her concerning the tax commission and she knows he is calling the shots and he is putting words out there, accusations, but this is what it is, she is the elected tax commissioner, she does not answer to him. Chairman Freeman stated there is no one over here in this office that is your servants neither. Jennifer stated let her finish, let her finish talking, she does not answer to him, she answers to the people and right now her schedule is to go to the bank at 8:30am and make these deposits, come back, and comply with the constituents here, and they cannot change that. Jennifer presents minutes showing the board voted for Jennifer Jackson, Tax Commissioner to get the vehicle at 8:30am to go to the bank to make the deposit. Jennifer States there is a lot of things going on around here, but she does not care about it all she cares about is the tax commissioner's office. Chairman Freeman states well looks like if you cared about the tax commissioners office, there is no other tax commissioners, Jennifer states she doesn't know about no other tax commissioner, and Chairman Freeman continues getting paid to go to the bank or getting mileage or use of a vehicle. Jennifer states that is a bunch of crock. Chairman Freeman states no it is not. Jennifer states you can call over to Seminole county right now. Chairman Freeman states he has already called over to Seminole county, Decatur County and Baker County. Jennifer then states it does not matter about the other counties, the only thing that matters is Miller County. Chairman Freeman then asks the board if the want to pay her mileage or what do yall want to do. Jennifer states they have already voted what they want to do. Chairman Freeman states he can call for another vote. Commissioner Worsley asks why they do not just let her have the keys to the other vehicle. Chairman Freeman states he is not doing that. Commissioner Worsley says it is the old vehicle Kreg, it would make things so much simpler than they can schedule it with the cleaning girls to get the keys. Commissioner Worsley states we have a brand new one sitting behind the office. Commissioner Edwards asked to give the keys just to keep problems down, just to keep everything calm. They are going to use it all of 30 minutes. We have a brand new one that is just sitting there. So just let her use that one an then we will not have to be worrying anymore since its something we already voted on. Commissioner Edwards reminds the board they already vote on it then asks are not we trying to keep down stuff in the county, that is our goal right now. Chairman Freeman asks to keep down what, Commissioner Edwards states to keep down problems. Commissioner Edwards addresses what Keith Bowen said about the county earlier then asks what is the big deal of letting her get the key to the other vehicle, it would not disturb the others. Chairman Freeman states if it's left up to him, they can get the keys just like they have been. Jennifer states that it is not just left up to him. Jennifer states this is 7 million dollars we must take to the bank, now where yall spend it she doesn't know but its 7

million dollars collected and of all people she thinks he would want the money to get into the bank, safe secure and done with. Chairman Freeman tells Jennifer to listen, he offered her an armed escort for the sheriff's department. Jennifer asks who was your armed escort, who was your armed escort. Chairman Freeman states it could have been any deputy down there then says he had it worked out with Scott, Jennifer then calls out Shane Rathel, it was Shane Rathel was not it, the same one who was found indicted, no, no, no. Chairman Freeman states he had the deal worked out with both. Jennifer states she does not need him to work anything out for her. Chairman Freeman tells Jennifer she was offered compensation, you were offered a ride with an armed escort to the bank, and you turned it down. Jennifer states Kreg she was also offered a vehicle, and she did not turn it down. Chairman Freeman tells Jennifer 15 minutes is not going to make or break you and Jennifer replies it is not going to make or break you neither. She states again it isn't about the minutes, she is the tax commissioner, and he is the chairman, and it takes 3 votes to get the key to one of those vehicles and guess what they can come in and 8:30am or 9:30am and still get paid 8 hours, sound good. Faye then states it is not maybe 2 or 3 minutes late at the most, Jennifer states she does not care what time they come in and stated her office must make the deposit at 8:30am so they can take care of their constituents. Commissioner Worsley asked Jennifer if there was anything else and she stated no except the clerk telling her she would not get this vehicle until 8:45am when she does not tell her what to do period and the way her(Stewart) tone was. Someone in the audience asks Jennifer, like your tone tonight. Jennifer states she almost called the law because she felt threatened, but she did not call the law. Jennifer says if we need to take a vote on whether I get the keys to one of the vehicles, by God make a vote or 8:30am I am not changing my time its more in depth than changing a time. Sherrie Stewart address Chairman Freeman and states she can solve a lot of problems if he allows her to speak, she states she will be brief and good. Chairman Freeman tells her to go ahead. Jennifer then starts speaking to Sherrie by saying ma'am, you solved a problem when you gave your resignation right here do not even talk. Sherrie addresses Jennifer as Ms. Jackson and Jennifer speaks again asking Commissioner Worsley if he has her resignation and he states he had it right here, Jennifer then asks why she is talking she resigned. Chairman Freeman stated because she is a citizen here and she asked to talk. Jennifer's husband states he is a citizen, and you did not want me to talk. Chairman Freeman addresses Jennifer's husband asks him if he wants to say something. Jennifer's husband asks who, then says yes, he wants to say something then says your racist dude. Chairman Freeman states it does not have anything to do with race. Jennifer's husband then states you are straight racist. Chairman Freeman says hey. Jennifer then says you need to listen. Jennifer's husband states again you straight racist. Jennifer continues if you want to let her talk as a constituent, everyone else gets a chance. Chairman Freeman tells Sherrie to go ahead. Sherrie states that her resignation has not been accepted yet Ms. Jackson. Jennifer says ok, ok and then asks here it is, did you all get a copy of it, Chairman Freeman states we accepted it and got a copy of it. Jennifer asks Sherrie why you would even want to resign. Sherrie asks is Ms. Jackson running this meeting or is it the chairman. Jennifer says oh listen now, then says of I do not know he seems to be occupied. Jennifer's husband states we all run it. Sherrie then states that her resignation still stands and says she would not work back in this county

to save her life. Jennifer then states ok you saw that right. Commissioner Edwards says since she said she is not coming back we do not need to talk this then. Faye then asked about the key thing again, can we put a key box outside the office if Faye had a key and they had a key and the key to the explorer is in there. Commissioner Worsley asked if there were 2 keys to the explorer, Faye then stated that if she were not there at 8:30am then they could get the key. Commissioner Worsley asked can we get another key from the Ford place. Commissioner Edwards states she does not see a problem with her using the vehicle that is just sitting that if she is going to use it all of 30 minutes, then you won't have to worry about cutting a key. What is the big deal, you do not want her to have the vehicle, the other vehicle that is sitting behind the office, can she just use that for all of 30 minutes? Chairman Freeman states she can continue to get the key like she has been getting it. Jennifer states oh gosh. Commissioner Worsley asked again cannot we just have another key made Kreg, cannot we, he just wants a compromise so they can end this. Jennifer wants to settle it, so they won't go through this with the next clerk, she wants a vote to leave the key over
at the tax commissioner's office in the vault, states no safer place than the vault. Commissioner Nixon states she is about to say something, she has never in her life been so embarrassed in her life to be from Miller County as she is tonight, she states that she needs the insurance bad, but she does not need it this bad, she states that she is leaving and gets up and leaves. Jennifer tells Commissioner Nixon to continue to stand up for what's right, she is doing a good job. Commissioner Edwards says its simple let her have the key. Chairman Freeman states we are going to move on to something else. Jennifer states you have not answered, my gosh, what in the world has we come to people. Chairman Freeman tells Jennifer it all goes back to 5 minutes and you being demanding. Jennifer replies it is not going back to 5 minutes, she has done it 5 times. Chairman Freeman states it has not been no major inconvenience. Jennifer says it has not for you quit speaking for my office please. Jennifer tells Chairman Freeman you called but never called back, Chairman Freeman states I did not call you called me and left a message he says he called, and she was not there. Jennifer states that is right you said you would call me back and I have not got that call back yet. Chairman Freeman states Jennifer you all have picked on Sherrie. Commissioner Edwards says oh my god. Jennifer states she did not open her mouth when Sherrie was going on a sketch? in that office. She could have really call everyone of yall to listen, she said Sherrie was so upset, she could have called the law, but she did not. Jennifer tells Chairman Freeman to stop carrying this board on his shoulders. Chairman Freeman states they are going to finish the key issue. He asked Commissioner Calhoun if he wanted to leave the key in the office like it has been, Commissioner Calhoun states he does. Commissioner Edwards asked what is so hard about getting the other key, Commissioner Worsley states the simple solution is for the office to have one key and give them a key to the old vehicle. Commissioner Calhoun states he sees so potential problems arising where if the other girls need the key and he stated he didn't know what time they came in. Commissioner Edwards stated 9:00am, 8:30am, 9:00am. Commissioner Calhoun asked is that the ones going around the square. Commissioner Worsley asked are they still going and standing around at the super B. Commissioner Edwards says there are 2 solutions, she gets the vehicle at 8:30am or she gets the other vehicle and we won't have to worry about this.

Commissioner Edwards asked Commissioner Calhoun if he had a problem with her using the new vehicle and Commissioner Calhoun replied if she is going to use a vehicle, she uses the one we said she uses. Commissioner Edwards asked why, why. Commissioner Calhoun responded with because that is the vehicle we said for her to use. Commissioner Edwards said OK so you agree that she gets the key at 8:30am that's what we voted on. Commissioner Worsley says it is a simple solution if they do not get here at 8:30am. Commission Calhoun says I'm going to say something like Niki, I guess so, I see a lot of nit picking here. Jennifer states yes, yes. Commissioner Calhoun tells Jennifer on her part too and that she can wait. Jennifer states she cannot wait because and Commissioner Calhoun stated he knew she had to make her deposit but, Jennifer said she had to be there for her constituents, Commissioner Calhoun said her knew that but she had other girls hired over there, she stated they had to be there for the constituents as well. Commissioner Calhoun stated he understood that but maybe for those 5 days it maybe alright if you went over and made a deposit at 9:00am and try to get along with some of these other ones, she stated she had a time with the bank, herself and the bank, she goes at 8:30am so she can come back and be here with the constituents. Jennifer stated it was not just her in the bank. Jennifer's husband asked Commissioner Calhoun has he ever been robbed, he answered no he had not. Commissioner Edwards stated she has. Chairman Freeman states he tried to arrange an armed escort and Jennifer says you can't arrange for nothing, you can't arrange for anything. Commissioner Edwards asked Commissioner Calhoun to let her have the key at 8:30am. While Commissioner Edwards and Commissioner Calhoun are discussing the issue. Jennifer's husband is talking to the chairman about the money. Chairman Freeman stated by giving her the key the cleaning crew would have to go get the key from her. Commissioner Edwards stated well she has to go get it now what's the problem. Chairman Freeman stated they made arrangements to get the vehicle. Commissioner Edwards asked the chairman what he was saying, he said she was reversing the role making them go get the key. Jennifer stated the cleaning girls said they did not mind going over and getting the key. Commissioner Edwards stated they could squash it by letting her get it at 8:30am what was the big deal. Commissioner Worsley stated things happen, we all run late from time to time, that's life. The Commissioners continued the discussion. Commissioner Worsley stated he would make a motion to allow 2 keys to be handed out one to the tax commissioner and one to the office and be done with it. Chairman Freeman called on a person in the audience named Ms. Sherry, she stated she was a tax payer and stated it offends her at how everyone is acting, and she asked why her taxes were being used for someone just to be driving around. She stated she is paying a lot of taxes and wanted someone to stop spending her taxes. She stated she must deal with the president of the United States taking everything away now and told the commissioners that they were bickering over some stupid little key and stop spend her tax money is what I am asking. Jennifer said All right. Ms. Sherry directed that goes for you too to Jennifer. Jennifer stated good job, all these new vehicles I get the cleaning vehicle. Chairman Freeman stated they got the vehicles for ½ price it was an opportunity. Jennifer says you have to tell Sherry she was the one saying about the vehicles. Commissioner Edwards stated she just wanted a key. Jennifer stated she did not care what the county replaced she knows they want Franklin Ford to eat up $30,000 that what you all want, and she hasn't got it yet. To

date they still owe $60,000 and we have not gotten a penny Kreg, not one dime. Chairman Freeman stated that they made the arrangements last month. Commissioner Worsley asked have they been notified or gotten paperwork, Cody Hamilton explained when you do a tax abatement like they did both municipalities have to agree on it. The county commission agreed last month the city council approved Thursday got him the paperwork Friday and he is finishing the paperwork and Ms. Jackson will have the paperwork in the morning. He stated he cannot complete it without the necessary documents. Commissioner Worsley stated then that should be resolved rather quickly. Jennifer asked Cody if he were leaving 6/30 and Cody replied yes, she then said that if he left 6/30 it would be off the table because we had a digest coming up. Cody assured her he was not leaving the assessor's office. Chairman Freeman also stated he was not leaving them hang and that he was still going to be in the office. Cody told Jennifer I did tell you I was getting you the paperwork in the morning. Jennifer stated Ford was blowing up her phone. Cody and Jennifer discussed the tax participation and digest. Jennifer states their tax anticipation notice was after the digest sent it so it falls to the end of the year, but because the chairman made a deal with Franklin Ford on the vehicles they going to write off $30,000 and that is going to hurt the tax payers. Jayme Smith stated that the payroll taxes and elements they have infused into the community. That type of 4-million-dollar investment is good for the community. Jennifer then asked a tax anticipation note is for what, is it for an old business or new. Chairman Freeman stated that it was not a tax anticipation it was tax abatement. Jennifer state it was the same thing, Chairman Freeman and Cody stated it was not the same. Jennifer then stated it did not matter and asked was tax abatement for a new business or old business was. Cody explained that it could be either one depending on what the government authority does. The tax abatement is when they make the constant payment the entire time, tax incentive is giving them a pro rate that each year they pay that rate. Jennifer asked again for a new business, Cody stated it depended on what was establish during communications either a remodel, which is what the ford place done. Jennifer stated remodeling is not a new business. Jayme stated with DCA the trigger is job creation. Jennifer stated she understood job creation but again 30,000 is being knock off. Jayme responded that it is not forever it will be phased in but that she got what she was saying. Chairman Freeman stated the deal was in the works before the ford place built the building. A citizen asked the chairman How much invoice did the ford place make over the course of the year, what was the growth or gross. Chairman Freeman stated he did not have the figures in front of him and if he told him anything he would tell him wrong. He stated that the deal got sidelined over there and did not get in the board hands until months ago. The citizen asked the chairman who approved the deal, Chairman Freeman stated this board here did, the citizen asked the city board, Chairman Freeman stated the city did not have to only this board. The citizen asked if the board looked at how much invoices he was making before they approved the decision. Commissioner Worsley started to ask Jennifer, then Chairman Freeman stated that they built a 4 million dollar building there and could have built that building somewhere else, he stated the job growth and money that is going to be coming into this in the future and would offset every bit of the amount. The Citizen agreed and said he was a taxpayer and contributed, whether it was small amount or larger amount we all are taxpayers. He wants to know how they were going to handle the growth because

giving big corporations breaks just be because they built buildings, someone was going to have to pick up their taxes. Chairman Freeman stated look at the people who are employed down there they would have to drive out of town if that was not there. Commissioner Worsley asked Jennifer asked about ad valorem tax stated that has already brought in $240,000 so far. Jennifer stated that was the old system. He then stated a vehicle tax was showing it will bring in $159,000. Jennifer stated that was low very low. Commissioner Worsley stated that is $159,000 more than what we would have. He stated it was nice to have the dealership down here, Jennifer stated she did not have a problem with it here. He stated it is just like the Olive Oil production plant, we offered them the same thing to get them in here, that is a 7-million-dollar facility out there when they get through with it. Jennifer asked was they keeping up with what revenue was being generated. Commissioner Worsley stated that it was being built Jennifer reply oh they are still building it, he continued that it would be jobs out there and every year they are there it would be like a doorstep, they would pay more and more until where they are supposed to be. Jennifer asked not to hurt the taxpayers they pay enough taxes today, these big corporations pick up and go and the taxpayers are left holding the bag. She stated to remember that when they are setting the mileage rate keep that in mind, they are paying enough. Chairman Freeman state he and Ladon owned a pretty big amount of land, and they would suffer from the same consequences, Jennifer stated anyone owning an acre would is pretty big to them. She stated do not allow these big corporation to come in here and fill your heads up with we are going to make so much money go ahead and take $30,000 off. Chairman Freeman stated the reason we got money for that TSPLOST to pave the road is because that ford place down there. Jennifer stated she was not talking about roads and to think about that when they set the mileage rate. Commissioner Edwards asked was they going to vote on the key. Commissioner Worsley stated he would make a motion to have 2 keys one for the tax office and commissioner's office. Chairman Freeman stated he was not going along with that and that it needs to stay like it is and that they did not have Commissioner Nixon here because she walked out. Commissioner Edwards stated that it only took 3 votes and asked Commissioner Calhoun. Commissioner Calhoun said let's just wait until Niki comes back. Commissioner Edwards asked what 3 was here what was Niki then Commissioner Calhoun stated he was not going to do anything tonight with Commissioner Edwards responding and you want to talk about getting peace in the county, see this. Commissioner Calhoun stated he cannot vote like he wants to and now she is going to hassle him, Commissioner Edwards said she was not hassling him. Commissioner Calhoun said that is what it sounds like and that he wanted to wait until Commissioner Nixon could come back because she was upset. Commissioner Edwards said she was trying to make peace. Jennifer spoke to Faye and said that they would be over there at 8:30am 8:31am or 8:32am. Faye said that was fine she was there by herself now. Chairman Freeman said they were going to table it. Jennifer stated she hope that they were not going to bring Sherrie back and hoped they stick with that. She mentioned that what happened Thursday something was on her table, and she would run it, they got $30,000 to cut, she would love to get it because they have violated 5 codes in their policy. Chairman Freeman stated he did not understand what she was talking about, what was the point she was trying to make. Commissioner Edwards stated he did not put it on the able about writing her up.

Chairman Freeman asked what they were talking about the lawyer. Jennifer's husband said the way you all are running things. Jennifer state they will see it. Chairman Freeman stated let me tell you something. Jennifer's husband replied you cannot tell me nothing. The chairman continued to say you have animosity going back to January when it started. A citizen stated because you now have a black commissioner, you do not want that. The Chairman stated it has nothing to do with that. Jennifer replied why is that. The Chairman states alright we are going to get to something else that has been going around, there is a court document on Cody. Jennifer asked was he blaming her for that? Chairman Freeman states no. Commissioner Edwards states it is not circulating around. Chairman Freeman calls on Commissioner Worsley, Commissioner Worsley states he has already talk to Cody. Chairman Freeman told Jennifer he was talking to Commissioner Worsley. Commissioner Edwards stated she talked to Cody. Commissioner Worsley stated he told Cody he did not have anything. Jennifer is in the background saying what does Cody have on him. Chairman Freeman asked what the court document was and what was the point in circulating it around. Commissioner Worsley stated he is not circulating anything around. Chairman Freeman told Commissioner Worsley that Steve Ard said he got it from him and was showing it around the rec barn down there. Commissioner Worsley stated Steve Ard was telling a lie. He states where is Steve Ard, I would like for Steve Ard to be sitting here. He said him and Cody talked a few weeks ago and had a long conversation, he still had it on his phone. Jennifer states well let the people know what Cody has, let them know. Chairman Freeman states Cody does not have anything. Commissioner Edwards states she does not understand why that was brought up. Jennifer states the same thing. Chairman Freeman stated because it needs bring up. Commissioner Edwards said no it does not, it is not even on the agenda. Chairman Freeman stated yes it was its under personnel, Commissioner Edwards stated personnel was not about Cody and his name should not have been brought up. A citizen stated should have brought him up. Commissioner Edwards stated Cody should have let his name be brought up and that the chairman wanted to run the meeting like he wanted to run it right. Commissioner Worsley again stated he and Commissioner Edwards had already talked to Cody. Chairman Freeman stated Commissioner Edwards told Faye that she had a copy of the court document, she said its online, anyone can go online and get it. Chairman Freeman states he has had a background check, she then tells Jennifer to give him the website where he can go online and get it. She says Kreg go only and get it yourself. She said it's not a secret. Chairman Freeman stated the court document they were circulating around has been dismissed and Cody had a clean background check. Commissioner Edwards continues with its not a secret. Jennifer says is Cody a felon, Cody are you a felon. Commissioner Edwards stated it should never have been brought up. Cody states his issue with it is that whoever is circulating the document and makes false claims to an attorney, Commissioner Edwards states that Xs her out because she has not talked to an attorney. Commissioner Edwards states this is another can of worms that should not have been brought up. Cody states everything was discharged, Jennifer states for what, Cody replies for accusations that was place upon him. Jennifer asks some accusations, Cody said yes, some accusations place upon him and once he went through the entire process, it should that he was not at fault, and it was completely discharged. Jennifer asked were you guilty. Cody replied

no. Jennifer asked does it say you were guilty. Commissioner Edwards states yes. Jennifer asked does it say you are a felon. Commissioner Edwards states yes. Cody states well according to the email send to the county attorney you assumed I was. Jenifer said right. Jennifer asked Cody did the county attorney have a copy that stated he was a felon, Cody said no it does not state he was a felon. Jennifer asked what she sent to the county attorney, Cody says it says that. She asked it says that. She asked if the county attorney gave Cody a copy of that he stated he did. She asked did it say he was a felon. Cody says yes, but it says you assume he was one. Jennifer questioned Cody she assumed he was one. Commissioner Edwards stated no she is saying what is on the printout, like on the printout I got says you are a felon, but like I say it has nothing to do with now. Cody stated but you do not have the paper Thomas County provided me. Commissioner Edwards states that has nothing to do with now, why bring it up. Jennifer says the board is lying and they need to stop lying on the board. Leroy Bush asks Chairman Freeman if he can say something. Chairman Freeman says go ahead. Mr. Bush says he havs spoken to him several times and told him you all need to go by Roberts rules of order or one of the rules of order and you will not get into this situation. He has been doing this for 20 years, he says as Chairman he is one member, to go to a chairman's meeting, the only thing a chairman does is to preside over the meeting, you work with the others, you cannot do anything on your own. Chairman Freeman states he is not doing anything on his own. Mr. Bush states he is not accusing him of anything, he is just telling him of the chairmanship. He said he asked Kreg why don't you go by Robert's rules at the last meeting you said you wasn't worried about Roberts's rules of order I am just telling you if you would do that you would not have all this ciaos. Chairman Freeman stated this did not have anything to do with Roberts's rule of order, this had personnel on here and that covers no particular item. Mr. Bush stated you need to follow Roberts rules of order. Chairman Freeman stated you cannot bend Roberts's rules of order into what you want it to and fit the narrative, you cannot do that. Mr. Bush tells Chairman Freeman to go by it, go by it and you will understand. Chairman Freeman stated he has not violated any of it. Mr. Bush asked if he understood that every one of the board members had one vote. Chairman Freeman responded with that is right. You should not know anything anyone else do not know. Mr. Bush said he was making a point and was not mad with him and said he knows county government and has done it 9 years. Chairman Freeman stated he has been it as long as Mr. Bush has. Mr. Bush stated over a $500.00 tree job, he made $495,000 last year, over a $500.00 tree job and guess where this comes from. Roberts's rules or order when you ask for a motion if Christine second the motion she can't vote for it. We hire people at the school all the time, brothers and sisters and all but once the motion is made then I had 3 board members that up and gave me that job. Chairman Freeman stated it doesn't matter about that I tried to help her out and forewarned her from the start not to talk. Mr. Bush states what are you talking about, you are just one man one vote. Had you known Roberts rules of order you would have known she did not do anything wrong. Chairman Freeman stated the whole thing spiraled out of control because it went up in the newspaper, and if you are sitting in this room, you are subject to be put in the paper. Commissioner Edwards stated a lie in the paper. Mr. Bush states to do things in order, if you run it like it is supposed to be done you will not have any of this. Chairman Freeman stated the tree issue will not be

brought back up. Mr. Bush states if the board brings it up it will be, Chairman Freeman stated if they bring it up then ok. Commissioner Edwards is telling Wanda that she does not blame her and that she does not know he, she said it was a lie in the paper. Commissioner Worsley brings up to Chairman Freeman that on the special minutes he wants the thing he pointed out he wants to put in it. Commissioner Calhoun asked Commissioner Worsley if he made a note of all that. Chairman Freeman states they need to approve the minutes with the changes added. Commissioner Worsley states he had everything written out and circle he wanted in there. Chairman Freeman state he had everything underlined Commissioner Worsley wanted brought out. Commissioner Edwards wanted her paper underlined to make sure she had everything Commissioner Worsley had. Commissioner Edwards stated that the special minutes was a lie, 90% of it, the only thing true was the date at the top. Chairman Freeman state as far as he was concerned Commissioner Edwards could put in there what he asked her to do saying that she signed this is error. Commissioner Edwards stated she did that. Chairman Freeman stated as long as she stated she took her name off that as long as it was witnessed. Commissioner Edwards agreed. Commissioner Edwards then address Mr. Bowen stating she removed her name because she signed something she believed to be false. She stated she only did what she did because she was told she could do it. She stated it wasn't a big deal until Sherrie made it one, After the county attorney told her what she had to do she followed it and done what he said. She said she wants to serve the public to the best of her ability to keep him and everyone else happy. Faye asked could she say something, Chairman Freeman told her to go ahead. She said is the only one left in the office and she did not want to walk out. She cannot keep working under this stress. She said she is tired of every day some is complaining about something. She said we are already behind being one short now she is the only one in the office, stated she love Miller County and liked her job, but someone must get a grip because she cannot take it. Faye states that she is tired of every department complaining about what other departments are doing, open enrollment and departments saying when and when they cannot attend. Commissioner Worsley asked Faye about Shelly coming up there to help her she said she hasn't talked to anyone but that if she was behind on the audit, she wanted all to know she couldn't get her job done for all the crap stirring. She stated she is tired of going home taking things out on her family and not sleeping. Jennifer asked when did the problems start when we got rid of the county clerk, Faye answered no she was one that was causing problems, she stated there was problems when she was there just different type problems and now it's just reached a boiling point in this county. Mr. Bush stated she need help and she could not do it by herself. Commissioner Worsley said shelly offered to help, Faye said she had offers from others and needed the help. Commissioner Edwards stated there are 5 commissioners and we are running were running with 6 now that problem has been eliminated things should get better. Chairman Freeman state she was correct in what she did. Commissioner Edwards ask calling the police. Chairman freeman said was protecting the documents and ACCG, and the county attorney said she was correct. Chairman Freeman stated they need to wrap things up. Commissioner Worsley made the motion to accept the minutes with all the additions and deletions. Chairman Freeman state one more thing temporarily Doug Cofty has volunteered to come over and help Faye, He is already the clerk of the board commissioners so he can sign the

checks he would be county clerk. Commissioner Edwards stated she did not have any problem with that anyone was better than her. Chairman Freeman asked for a vote. Commissioner Edwards said she thought we could not vote and had to wait on Niki, they agreed to wait, Chairman Freeman told Faye that Doug would come help. Commissioner Edwards said we do not need to vote you already made that decision. Commissioner Worsley stated she cannot do it by herself she needs some help. Commissioner Edwards agreed that Faye needed help. Chairman Freeman asked was there anything else. Chairman Freeman called for a motion to adjourn. Commissioner Worsley made the motion with Commissioner Edwards seconding it. Motion carries. Meeting adjourned.

MILLER COUNTY BOARD OF COMMISSIONERS BY:

MILLER COUNTY BOARD OF COMMISSIONERS BY:
